

Privacy Policy

Effective date: November 3, 2021

We at Yiftee know you care about how your personal information is used and shared, and we take your privacy seriously. Please read the following to learn more about our Privacy Policy. **By using or accessing the Services in any manner, you acknowledge that you accept the practices and policies outlined in this Privacy Policy, and you hereby consent that we will collect, use, and share your information in the following ways.**

Remember that your use of Yiftee's Services is at all times subject to the [Terms of Use](#), which incorporates this Privacy Policy. Any terms we use in this Policy without defining them have the definitions given to them in the [Terms of Use](#).

What does this Privacy Policy cover?

This Privacy Policy covers our treatment of personally identifiable information ("Personal Information") that we gather when you are accessing or using our Services, but not to the practices of companies we don't own or control, or people that we don't manage (including Merchants). We gather various types of Personal Information from our users, as explained in more detail below, and we use this Personal Information internally in connection with our Services, including to personalize, provide, and improve our services, to allow you to set up a user account and profile, to contact you and allow other users to contact you, to fulfill your requests for certain products and services, and to analyze how you use the Services. In certain cases, we may also share some Personal Information with third parties, but only as described below.

As noted in the [Terms of Use](#), we do not knowingly collect or solicit personal information from anyone under the age of 13. If you are under 13, please do not attempt to register for the Services or send any personal information about yourself to us. If we learn that we have collected personal information from a child under age 13, we will delete that information as quickly as possible. If you believe that a child under 13 may have provided us personal information, please contact us at support@yiftee.com.

Will Yiftee ever change this Privacy Policy?

We're constantly trying to improve our Services, so we may need to change this Privacy Policy from time to time as well, but we will alert you to changes by placing a notice on www.yiftee.com, by sending you an email, and/or by some other means. Please note that if you've opted not to receive legal notice emails from us (or you haven't provided us with your email address), those legal notices will still govern your use of the Services, and you are still responsible for reading and understanding them. If you use the Services after any changes to the Privacy Policy have been posted, that means you agree to all of the changes.

What Information does Yiftee Collect?

Information You Provide to Us:

We receive and store any information you knowingly provide to us. For example, through the registration process and/or through your account settings, we may collect Personal Information such as your name, email address, billing and payment details, phone number and third-party

account credentials (for example, your log-in credentials for Facebook or other third-party sites). If you provide your third-party account credentials to us or otherwise sign into the Services through a third-party site or service, you understand some content and/or information in those accounts (“Third Party Account Information”) may be transmitted into your account with us, and that Third Party Account Information transmitted to our Services is covered by this Privacy Policy; for example, your Facebook account information may be imported into your Yiftee account and vice versa. Certain information may be required to register with us or to take advantage of some of our features.

We may communicate with you if you’ve provided us the means to do so. For example, if you’ve given us your email address, we may send you promotional email offers on behalf of our business or other businesses or email you about your use of the Services. Also, we may receive a confirmation when you open an email from us. This confirmation helps us make our communications with you more interesting and improve our services. If you do not want to receive communications from us via email, please indicate your preference by contacting us at support@yiftee.com or by clicking “unsubscribe” at the bottom of each email. If you do not want to receive any further communications from us via text message, please follow the directions for opting out within the Yiftee text message.

Additionally, we may receive information about you from other users of Yiftee via the Services (“Friend-Provided Information”), for example, your friend may provide us with your name and email address in order for us to deliver a Voucher to you. We use Friend-Provided Information in accordance with this Privacy Policy, in the same manner we use Personal Information a user provides us about himself or herself.

If you are the sender of a Gift, you agree that you have the authority to send the Gift to the email address and/or text number you specified for the recipient of the Gift.

Information Collected Automatically

Whenever you interact with our Services, we automatically receive and record information on our server logs from your browser or device, which may include your IP address, device identification, “cookie” information, the type of browser and/or device you’re using to access our Services, and the page or feature you requested. “Cookies” are identifiers we transfer to your browser or device that allow us to recognize your browser or device and tell us how and when pages and features in our Services are visited and by how many people. You may be able to change the preferences on your browser or device to prevent or limit your device’s acceptance of cookies, but this may prevent you from taking advantage of some of our features.

Our advertising partners may also transmit cookies to your browser or device, when you click on ads that appear on the Services. Also, if you click on a link to a third-party website or service, a third party may also transmit cookies to you. Again, this Privacy Policy does not cover the use of cookies by any third parties, and we aren’t responsible for their privacy policies and practices. Please be aware that cookies placed by third parties may continue to track your activities online even after you have left our Services, and those third parties may not honor “Do Not Track” requests you have set using your browser or device.

We may use this data to customize content for you that we think you might like, based on your usage patterns. We may also use it to improve the Services – for example, this data can tell us how often users use a particular feature of the Services, and we can use that knowledge to make the Services interesting to as many users as possible.

Will Yiftee Share Any of the Personal Information it Receives?

We may share your Personal Information with third parties as described in this section:

Information that's been de-identified. We may de-identify your Personal Information so that you are not identified as an individual and provide that information to our partners. We may also provide aggregate usage information to our partners (or allow partners to collect that information from you), who may use such information to understand how often and in what ways people use our Services, so that they, too, can provide you with an optimal online experience. However, we never disclose aggregate usage or de-identified information to a partner in a manner that would identify you as an individual person.

Advertisers: We may enable advertisers to include, only via the Yiftee services and not by accessing personal email addresses or text numbers, information on Gifts that are sent to recipients as well as on reminder messages that may be periodically sent to recipients. We may also include advertising on the gift purchase pages. We may allow advertisers and/or merchant partners ("Advertisers") to choose the demographic information of users who will see their advertisements and/or promotional offers and you agree that we may provide any of the information we have collected from you in non-personally identifiable form to an Advertiser, in order for that Advertiser to select the appropriate audience for those advertisements and/or offers. For example, we might use the fact you are located in San Francisco to show you ads or offers for San Francisco businesses, but we will not tell such businesses who you are or we might allow Advertisers to display their ads to users with similar usage patterns to yours, but we will not disclose usage information to Advertisers except in aggregate form, and not in a manner that would identify you personally. Note that if an advertiser asks us to show an ad to a certain audience or audience segment and you respond to that ad, the advertiser may conclude that you fit the description of the audience they were trying to reach.

We may deliver a file to you through the Services (known as a "web beacon") from an ad network. Web beacons allow ad networks to provide anonymized, aggregated auditing, research and reporting for us and for advertisers. Web beacons also enable ad networks to serve targeted advertisements to you when you visit other websites. Because your web browser must request these advertisements and web beacons from the ad network's servers, these companies can view, edit, or set their own cookies, just as if you had requested a web page from their site. You may be able to opt-out of web beacon tracking conducted by third parties through our Services by adjusting the Do Not Track settings on your browser; please note that we don't control whether or how these third parties comply with Do Not Track requests.

Affiliated Businesses: In certain situations, businesses or third-party websites we're affiliated with may sell or provide products or services to you through or in connection with the Services (either alone or jointly with us). You can recognize when an affiliated business is associated with such a transaction or service, and we will share your Personal Information with that affiliated business only to the extent that it is related to such transaction or service. We have no control over the policies and practices of third-party websites or businesses as to privacy or anything else, so if you choose to take part in any transaction or service relating to an affiliated website or business, please review all policies of these websites or businesses.

A Merchant is an affiliated business. We may provide certain Personal Information to Merchants in connection with the selling and redemption of Vouchers. Merchants are permitted to use that Personal Information only for the purpose of redeeming the voucher, and for marketing its products and services to you that it thinks you may be interested in. Merchants may only (a) use

your name and email address, and no other information whatsoever, for the sole purpose of marketing Merchant's products and services to you and for no other purpose whatsoever (including marketing any products or services offered by other entities), (b) Merchant must provide you with an opportunity to opt-out of any further communications with Merchant in the first (and all subsequent) communications with you, and without limiting the foregoing, must comply with all applicable privacy laws in connection with use of your name and contact information, including without limitation CAN-SPAM, and (c) Merchant will not disclose your information (or any other Purchaser or Receiver's information) to any third party.

Agents: We employ other companies and people to perform tasks on our behalf and need to share your information with them to provide products or services to you; for example, we may use a payment processing company to receive and process your credit card transactions for us. Unless we tell you differently, our agents do not have any right to use the Personal Information we share with them beyond what is necessary to assist us.

User Profiles and Submissions: Certain user profile information, including your name, location, and any video or image content that such user has uploaded to the Services, may be displayed to other users to facilitate user interaction within the Services or address your request for our services. Your account privacy settings may allow you to limit the other users who can see the Personal Information in your user profile and/or what information in your user profile is visible to others. Please remember that any content you upload to your public user profile, along with any Personal Information or content that you voluntarily disclose online in a manner other users can view (on discussion boards, in messages and chat areas, etc.) becomes publicly available, and can be collected and used by anyone. Your username may also be displayed to other users if and when you send messages or comments or upload images or videos through the Services and other users can contact you through messages and comments. Again, we do not control the policies and practices of any other third-party site or service.

Business Transfers: We may choose to buy or sell assets and may share and/or transfer customer information in connection with such transactions. Also, if we (or our assets) are acquired, or if we go out of business, enter bankruptcy, or go through some other change of control, Personal Information could be one of the assets transferred to or acquired by a third party.

Protection of Company and Others: We reserve the right to access, read, preserve, and disclose any information that we believe is necessary to comply with law or court order; enforce or apply our [Terms of Use](#) and other agreements; or protect the rights, property, or safety of Company, our employees, our users, or others.

Is Personal Information about me secure?

Your account is protected by a password for your privacy and security. If you access your account via a third-party site or service, you may have additional or different sign-on protections via that third party site or service. You must prevent unauthorized access to your account and Personal Information by selecting and protecting your password and/or other sign-on mechanism appropriately and limiting access to your computer or device and browser by signing off after you have finished accessing your account. If you believe your login credentials may be compromised, you should change your password on our system.

We endeavor to protect the privacy of your account and other Personal Information we hold in our records, but unfortunately, we cannot guarantee complete security. Unauthorized entry or use,

hardware or software failure, and other factors, may compromise the security of user information at any time.

What Personal Information can I access?

You may access, and, in some cases, edit or delete the following information you've provided to us:

- name and password
- email address
- billing and payment details
- phone number
- Facebook account
- location

The information you can view, update, and delete may change as the Services change. If you have any questions about viewing or updating information we have on file about you, please contact us at support@yiftee.com.

Under California Civil Code Sections 1798.83-1798.84, California residents are entitled to ask us for a notice identifying the categories of Personal Information which we share with our affiliates and/or third parties for marketing purposes and providing contact information for such affiliates and/or third parties. If you are a California resident and would like a copy of this notice, please submit a written request to: support@yiftee.com.

In accordance with the California Consumer Privacy Act (CCPA) you can request that we remove your Personal Information from the system at any time by contacting us at support@yiftee.com. Note that doing so may make certain aspects of the system non-functional to you in the future, such as receiving messages through the system from your gift recipients, requesting refunds, or requesting resending of gifts.

What choices do I have?

You can always opt not to disclose information to us, but keep in mind some information may be needed to register with us or to take advantage of some of our features.

You may be able to add, update, or delete information as explained above. When you update information, however, we may maintain a copy of the unrevised information in our records. Some information may remain in our records after your deletion of such information from your account. We may use any aggregated data derived from or incorporating your Personal Information after you update or delete it, but not in a manner that would identify you personally.

What if I have questions about this policy?

If you have any questions or concerns regarding our privacy policies, please send us a detailed message to support@yiftee.com, and we will try to resolve your concerns.
